EXPERIENCE

T-Tycoon Solutions, Garland — *Graphic Designer/Technical*

January 2020 - PRESENT

Fashion Design - Design and execute effective designs according to client's needs. Technical side requires designs to be production friendly so that each design fits according to size constraints and over production constraints.

Tiger Blue, Downtown Plano — *Graphic Artist/Designer*

February 2019 - December 2019

Fashion Design - Design based on client needs according to theme or desire. Responsible for not only designs but also separations for designs (technical procedure used for screen-printing)

Varsity Spirit, Plano — *Sublimation Artist*

2015 - 2019

Fashion Design - Digital designs heat pressed into fabric for seamless patterns/textiles. Technical designs used for competition garments.

EDUCATION

SMU, Dallas — *Certificate (current)*

July 2021 - January 2022

Currently enrolled in a coding bootcamp - Full Stack Development

Collin College, Plano — *Associates*

2014 - 2017

Communication Design - Print

PROJECTS

MoodRing — *App - self Discovery*

An app to help the user onto self discovery with emotional color theory.

This app displays gifs and music using APIs to display content as well as a color based background to tie into the mood that the user is feeling.
